Make videos that feature Guyanese students at US Universities

Project Title	Make videos that feature Guyanese students at US Universities
Summary	Direct and produce a series of short videos that feature Guyanese students at U.S. universities. The Embassy will make the introductions and give you the overall vision; you will take the lead on video production.
Country	Guyana

Project Description

Embassy Georgetown has a goal to increase the amount of Guyanese students studying in the U.S. by 30%. Currently there are approximately 100 students in the U.S., and this project would feature some of them, with the idea to encourage more applicants in the coming year. You would use your video editing and production skills to come up with a brand for all the videos which will be featured on the Embassy Facebook and Instragram profiles.
